# PLASTIC FACTS

**345.8m**

tonnes of plastic  
is wasted  
(not recycled)  
globally  
per year

**9m**

tonnes of the  
global  
plastic waste  
ends up in  
the ocean  
(on average)

**10%**

of the marine  
waste comes  
from the  
maritime industry  
(fishing nets, trawls  
and ropes)

**12b**

tonnes of plastic  
waste will end up  
in the ocean by  
**2050**

# COLLABORATIONS FACTS

In collaboration with AB Vassilopoulos, member of Ahold Delhaize Group, NILO has developed the ecological product line "OceaniQ" with Vegan formulas and packaging made from recycled plastic from marine plastic waste, including fishing nets, trawls and ropes. The products have been placed in AB Vassilopoulos stores in Greece and have already met with great success and popularity from customers.

"OceaniQ" product line has been awarded in 2022 by European Private Label Awards by European Supermarket Magazine in Non-Food (Household) category.

# COLLABORATIONS FACTS

For Arkadi brand latest launch of Liquid Handsoap with antibacterial agent, NILO designed a sustainable packaging made from recycled plastic from marine plastic waste, including fishing nets, trawls and ropes, along with a Vegan formula.

In Green Awards 2021 by BOUSSIAS, Arkadi was double awarded with a Platinum award in "Products" category and a GOLD award in "Green Daily Care Products" category
